

Disaster Risk Reduction (DRR) means reducing the impact of natural disasters. This is especially relevant in the case of persons with disabilities, as they are among the most disproportionately affected people during emergency situations.

International Day of Disaster Risk Reduction

To celebrate the International Day on Disaster Risk Reduction, CBM in collaboration with EDF would like to invite you to an informal exchange featuring **Nelbert Perez, Northern Pacific Program Officer from Pacific Disability Forum.**

Date: **October 13, 2017**

Time: **13:00- 14:30**

Location: **CBM**

(rue Montoyer 39, 1000 Brussels)

Lunch will be available

If you have any question, please email ariane.lignier@cbm.org
