

## Disability Rights Strategy

The European Commission makes laws for the European Union.

The European Commission made the **Disability Rights Strategy**.

The Disability Rights Strategy is a plan to make the European Union **more accessible for persons with disabilities** within the next 10 years.

## Council Presidency Conclusions

Council of the  
European Union

People who make decisions in every country of the European Union come together and make the **Council of the European Union**.

Portugal was the **leader of the Council** for 6 months.

**Council Conclusions** are plans to find solutions to problems of the European Union.

EDF thinks the Portuguese Council Conclusions were **not good enough** to find solutions for people with disabilities.
