SECTION 4 – REASONS FOR APPLYING

Please state briefly why you are applying to EDF membership and how your organisation would like to contribute to EDF activities and campaigns

Our goal is to help people with disabilities, and in order to have a real impact, we believe that it is crucial to be able to collaborate with the European Union, which has the power to make great changes. For us is crucial to directly collaborate with the EU Council for defining a new EU Parking Card Model, in order to address the relative issues for users and public administration, such as the EU Parking Card fraud.

We are more than happy to collaborate, participate and contribute in all the activities and campaigns that the European Disability Forum creates, as well as spread them on our humble but active channels.

SECTION 5 – DESCRIBE YOUR ORGANISATION

Please write a brief description of your association, organisation or company, of its aims and activities

AsoPMR was born with the main objective of collecting and distributing useful information to people with reduced mobility, to help them in their autonomy and improve their quality of life.

The association wants to support projects and social initiatives or social entrepreneurship with an impact on this collective, given the difficulty that they sometimes find in showing their social purpose.

Although there are problems that apply to all people with disabilities, we have detected specific needs for people with reduced mobility (PRM), such as the location of parking spaces, accessible tourism, issues related to accessible transport and financial aid.
